MR. RALPH L. SHINDLER

Dedication

The Senior Class wishes to recognize you, Mr. Shindler, for the guidance and exemplary leadership which you have demonstrated as a teacher and later as Longmeadow High School's first vice-principal. As advisor to the Student Council and the Traffic Squad, you have helped to foster our sense of unity and discipline. We are indebted to you for your patient understanding and your loyal friendship; no minute problem of ours is too small for your attention. We shall always appreciate your interest in us as individuals and with sincere admiration we shall associate you with our four years at Longmeadow High School.

As members of the Class of 1961, you have been a most enthusiastic, inspiring, and interesting group. Your contributions to Longmeadow High School were varied and many. In academics, sports, music, newspaper, yearbook—any field of endeavor—the Class of 1961 has shown great spirit and leadership. You have been a tremendous help in making the extra-curricular and academic programs stable and strong. Working with you has been truly a pleasure. I'm sorry to see you go, but time marches on and we must move with it.

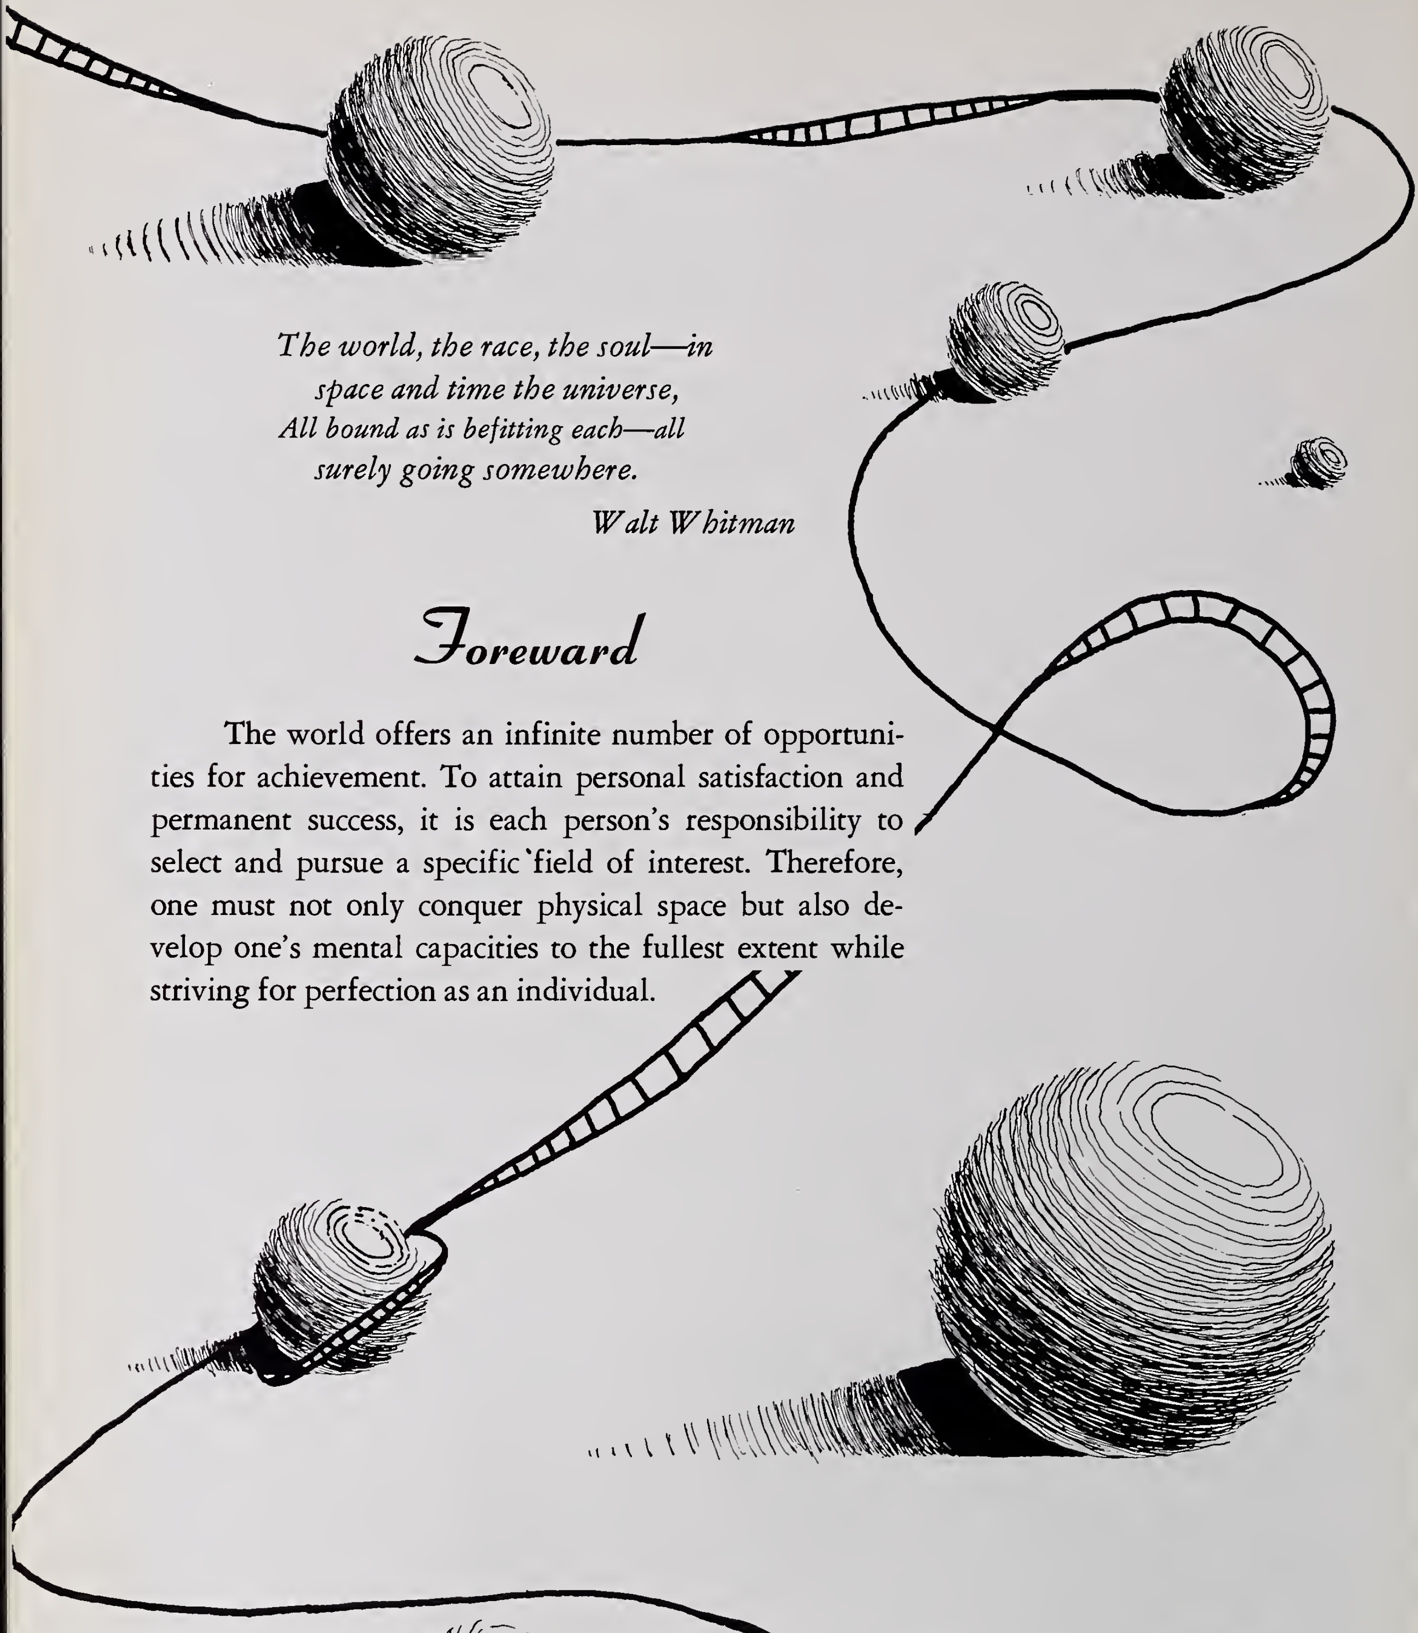
For the past twelve years your lives have been considerably regulated and controlled by both home and school. Maybe too much so; but that twelfth step has been reached in the stairs of life and you are now ready for the next one. It is a big one and whether you step off into outer space or into a very secure position, it is my belief that you will know where you are going.

Life has always been unpredictable and what it holds for each of you, no one knows. However, develop and maintain right-thinking—sane attitudes—in the face of the events that will crowd your days. Face the future with the same spirit, willingness, cooperation and enthusiasm you have shown at Longmeadow High School in the past four years and your rewards will be many. May God bless you.

Respectfully,

Ralph L. Shindler

RALPH L. SHINDLER



The world, the race, the soul—in
space and time the universe,
All bound as is befitting each—all
surely going somewhere.

Walt Whitman

Foreward

The world offers an infinite number of opportunities for achievement. To attain personal satisfaction and permanent success, it is each person's responsibility to select and pursue a specific field of interest. Therefore, one must not only conquer physical space but also develop one's mental capacities to the fullest extent while striving for perfection as an individual.

Honorary Dedication

With sincere admiration and respect, we, the Class of 1961, proudly award this honorary dedication to Mr. W. Henry Cone, who has so capably performed his duties as Superintendent of the Longmeadow School System. We wish him as much success in the future as he has enjoyed during his first year.

On our earth today a "population explosion" is taking place. Knowledge in many subject matter fields is growing at an ever increasing rate. Bold new scientific and technological developments, such as space flight, no longer greatly surprise us. As persons, we tend to see ourselves as being smaller and less significant than in the past.

But, think a minute! Each of us is still significant, still important! A crowd is always made up of individuals—people like you and me! There is and always will be others, friends and loved ones, who depend upon us, who need us. Our friendly smiles and kind words will always warm the hearts of those with whom we share them.

To live wholesome lives in today's exciting world, we cannot ignore the broad social and scientific forces which are changing our environment. We must have more knowledge of them and know how to deal with them effectively. These challenge the minds of all peoples. By the same token, we must not forget the meaning of friendliness, truthfulness, dependability, honesty, graciousness, humility, tolerance, and forgiveness. These are matters of our hearts, the lifeblood of our souls.

To the graduating senior, my congratulations and best wishes.

Sincerely,
W. Henry Cone

SCHOOL COMMITTEE

Mr. Richard Holter; Mrs. Charles Carter; Mr. Henry Frisbie; Mr. Quentin Reynolds; Mr. Robert Brigham.

The Longmeadow School Committee aims to provide Longmeadow youngsters an educational program which anticipates the conditions which they are likely to face as they go on to college or take on immediately their responsibilities and develop their opportunities as citizens in the American Community. However much old situations shift and new ones develop, as we stand at the threshold of the space age, this objective remains.

Much new knowledge must be appropriately introduced into the curriculum. Emphasis in accepted subjects requires adjustment to make room for additions. New teaching methods constantly become available—usually more quickly than do teachers equipped to apply them. Possible adjustments in the school program are constantly being scrutinized and studied by the Administration and considered by the School Committee. Because our youth pass through the school system only once, and deserve sound, proved instruction, adjustments are made in the curriculum with adherence to the old and proved admonition: "Be not the first by whom the new is tried, nor yet the last to lay the old aside."

Quentin Reynolds

QUENTIN A. REYNOLDS

Upon entering high school, each freshman class is assigned a member of the Guidance Department as an academic advisor. It is through the able assistance of these guidance counselors that the individual student learns to adapt himself to his new surroundings and participate in all phases of the high school curriculum. Any particular problems which might arise are efficiently solved by informative conferences between the counselor and the individual.

Space—that which is characterized by extension in *all* directions—*boundlessness*! And here we are, each occupying his share of it, each moving at his own pace in the direction of his own choosing.

Never in history could one man's aim affect more profoundly the future of his fellows. Never was one individual more surely the potential savior of his world.

Let us move wisely, now realizing our place is not bounded by town or state or nation, but reaching out, in mind and spirit to encompass all mankind.

Hugh O. Macfarlane

H. O. MACFARLANE

Space has been defined as, "That which is characterized by dimension." You, as graduates of the Class of 1961, have taken on dimension. During your twelve years of formal education, you have filled your "space" with knowledge, friendships, ideals and visions of truth. For you, graduation is not the end of learning. Like the butterfly, which by continuing growth bursts its chrysalis and emerges a radiant creature, you will take on new dimension in the fields of business, the arts, science and technology. For you your position in space is where you wish to place it, and your dimension will be determined by ambition, courage, skill, enterprise and faith.

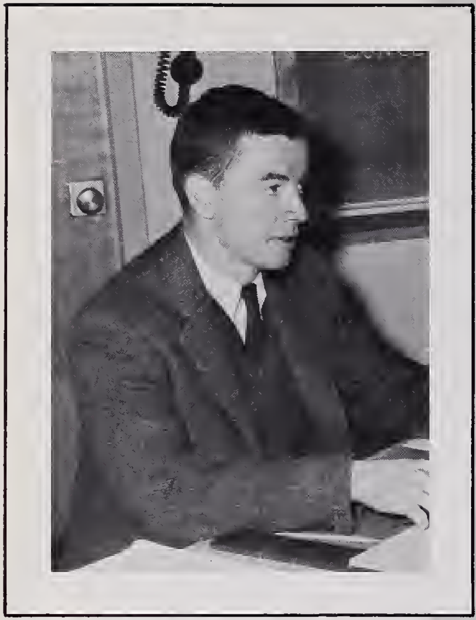
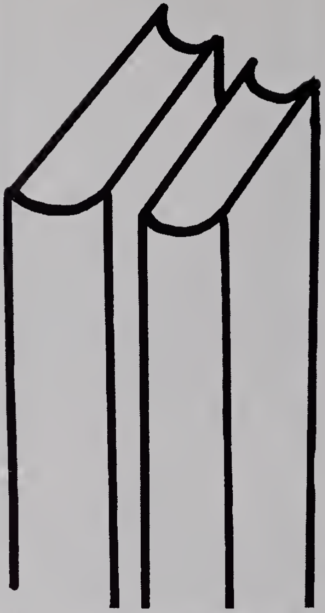
English



MR. JUDD
"When I was in Europe . . ."

MRS. WANEGAR
"Be careful what you want,
you might get it."



Each student at Longmeadow High School participates in a comprehensive English program designed to develop and improve his composition, speech, and thought. Literary appreciation is introduced early to freshmen through the study of the short story and through generous samplings of world literature. The development of American literary and philosophical thought is traced in the sophomore year. To instill an understanding of alien culture, the junior classes concentrate on representative English literature and thought. To complete a world survey, important literary works of various ages and nations compose the curriculum of senior English.

The Longmeadow High School library facilities are constantly expanding, and at present approximately three thousand volumes and forty periodicals are available for student and faculty use. With the assistance of Miss Baird and the Library Aides, material for research projects and books for "armchair" pleasure can be found.

MISS JENSEN

MISS BAIRD

MR. HOULE

An excellent staff of instructors provides Longmeadow High School with its fine comprehensive language curriculum. An interested student may complete four years of either Latin or French. Each course gives insight to another age, culture, and tongue and creates respect for other people's ideas and customs. The first two years of each language concentrates on the mechanics of expression and pronunciation. The third and fourth years of study offer a broader scope of history and philosophy through the study of literary works of the greatest men of France and Rome. One language studies an ancient civilization, the other opens a path to a contemporary country.

To complete a student's secondary education the history department offers several basic courses. The first year is divided equally between a study of the three major levels of the American governmental system and a study of the geography of the world. In the sophomore year, a detailed study of the development of western civilization is offered. A comprehensive course in American history is required of all juniors. In the final year, seniors may elect Modern Problems, a course covering the major political, social, and economic problems of America. Senior students showing aptitude and interest in American history may substitute for Modern Problems a Contemporary Civilization course which is a study of international relations. This history program is designed and administered to develop an understanding of the world, its people and its problems, and to emphasize the continuity of history.

Longmeadow High School is extremely proud of its extensive program in mathematics. Each student can find in this curriculum courses to fulfill his interests and needs. Freshmen elect Algebra I or Applied Math I. Plane Geometry or single semesters of Applied Math II and Business Math are available to the Sophomores. Juniors concentrate upon Algebra II, while Seniors may select either Senior Math or Math IV. Senior Math, a new course this year, provides further enrichment in Algebra II and in Plane Geometry as well as in Trigonometry. Math IV, intended for those interested in engineering, sciences, and higher college mathematics, is a combination of trigonometry, solid and analytical geometry, and an introduction to the calculus.

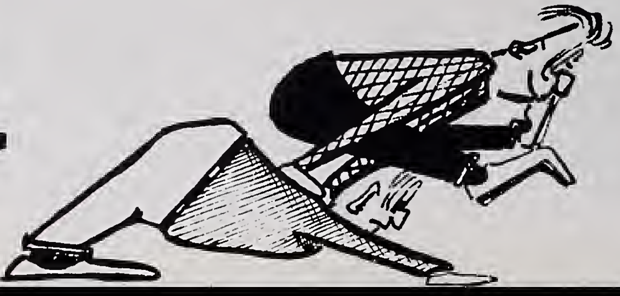
Class

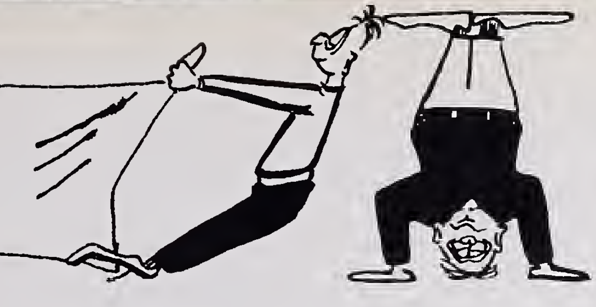
1961 . . . 1960 . . . 1959 . . . 1958 . . . Looking back to September 1957, we observe the spaces that have been filled by the Class of 1961. As the years progressed, we have assumed responsibility and filled the ranks left by each preceding class until, as seniors, we became the leaders at Longmeadow High School. Now we realize that the future we face is even greater than what we had perceived as freshmen. Upon entering Longmeadow High School in 1957, we were placed under the watchful eyes of Mrs. Pelczarski and Mr. Climo (the latter whom we leave a little balder). One of our first obligations as freshmen was to elect class officers: President, Elaine Guistina; Vice-President, Bob Barker; Secretary, Carolyn Morner; and Treasurer, Charlotte Carlson. Immediately we were beseiged by seniors imploring us to buy "Jet Jotters", student athletic activity cards, yearbooks, and library passes. The male members of our class tried out for freshman athletic teams as four-foot-eleven, ninety-seven pounders, while the freshman girls vied for the attentions of the accomplished athletes. Not accustomed to the sophisticated atmosphere of high school, we made extensive plans for the "Lollipop Hop." The dance was a social success due to the number of upperclassmen who attended when they learned of free lollipops promised to all guests. The smooth running order of events at LHS was interrupted when some rebellious soul reported a bomb in the school. School was dismissed at 8:30 with a reminder that classes would be held the following Saturday. The announcement of the unfamiliar ritual of midyears was added to a notification from the Longmeadow Men's Club informing us of the Freshman Essay Contest on the subject, "Our American Heritage." Later, at a special assembly, Dr. Malkasian, chairman of the contest, awarded a typewriter to Virginia Dondy, author of the winning essay. Spring activity periods were spent observing the construction of the new classroom wing which would be ready for use in the fall of 1958.

In 1958, Brian Edgerly headed our slate of officers; Alan Stewart became Vice-President, Sallie Baldwin, Secretary, and Charlotte Carlson, Treasurer. The first dance of the year, "Manhattan Holiday", was held by a more sophisticated Sophomore Class on November 22. This dance was even more successful than the last, financially, since we did not have the added overhead of lollipops. Students were now occupying the new wing using coats, scarves and handwarmers. The frigid conditions did not dull our spirits, although we encountered fountain pen freeze-ups, frost bite, and numerous cases of exposure. In the "sportlight" was our victorious football team which lost only one game, and our hockey team which captured the Suburban Title and went to Boston to compete for state-wide honors. Illness of a first string player brought Bill Sproul into the goalie cage. Bill, supported by class mates, Pete Clarke, Brian Edgerly, and John Mayock, held the opponents to a close victory. Many innovations were recognized this year including Honor Study Hall, the French and Latin Clubs, and a new cafeteria system. All of these projects were approved by the student body except the new cafeteria routine. For some reason, the cashiers lost their ability to count change and the dieticians, to scrape plates. At lunch, we are still obtaining exact change, but we are NOT scraping our own plates!

Wyman Howard was elected our President in 1959; when he transferred to Arlington High School, Brian assumed the presidency, and Bill Sproul was chosen as Vice-President. Joni Childs and Claudia Buchdahl were elected Secretary and Treasurer respectively. A change was made in the regular schedule of social events when the Class of '61 held the "Junior Promenade" on February 13. This dance had formerly been held in the spring, which put a financial strain on those who would be attending the Senior Prom. The class chose Elaine Guistina and Allan Low as the dance chairmen, and Dave Stockman and Sally Martin as co-chairmen of decorations. The gym, transformed into a classical setting, formed a perfect background for the crowning of King Allan Low and Queen Sallie Baldwin. The school play, "Papa is All", featured Carol Beaver and Ed Epstein. Mr. Lopes rewarded the played-out cast with a free dinner at the Log Cabin. Because of a change in school policy (or perhaps be-



History



cause of our literary talents), the Class of 1961 was again asked to write an essay for the Longmeadow Men's Club, this time on the subject "American Democracy versus Communism." Diane Terry, the second place winner of our Freshman Essay Contest, received first prize. The problem of keeping our athletes scholastically eligible for their respective teams was solved by the new tutoring system sponsored by Miss MacIntyre's National Honor Society. This group helps students and teachers alike: students, by tutoring in troublesome subjects, and teachers, by correcting long forgotten tests. The Junior Class, under the leadership of Debbie Poole, helped to bring Longmeadow High School its first exchange student. The student body campaigned diligently and was rewarded with the approval of the School Board and the financial support of the townspeople. The basketball team was again invited to the Small Schools Tournament where they lost the winning title in the final game with Amherst. The Drill Team also made a fine showing at all the tournament games (Never let it be said that Carolyn wasn't counting!) An Awards Assembly in June recognized various members of our class: Bill Sproul won the Dartmouth Book Award and was chosen as an alternate to Boys' State; Phyllis Ciciarelli was selected to go to Girls' State with Carol Beaver as an alternate; Paul Valliere received the Harvard Book Award; Brian Edgerly was selected to go to Boys' State and was recipient of the Williams Book Award and Charlotte Carlson was chosen as Governor's Aide at the Eastern States Exposition. As the 1960 school year came to a close, members of our class were being selected to fill prominent positions in school activities in 1961 Ginger Dondy and Phyllis Ciciarelli became Editors-in-chief of the "Jet Jotter", and Sallie Baldwin was chosen as Editor of the "Masackie." In sports, Al Stewart and Tim Purdy were elected Co-captains of the football team, while Phil Collins and Brian Edgerly received similar honors as heads of the soccer team. In the realm of girls' sports, Pam Barnes and Charlotte Carlson were chosen as Captains of the Jet and White Teams respectively.

Senior year at last! However, we are somewhat disillusioned as we now realize that there is more to being seniors than merely organizing extra-curricular activities and spending all free time in the library. Although the oldest members of the school, we are faced with many new tasks getting classes changed to get enough credits, graduation pictures, college interviews and applications, and Mr. Haskell. Administration and faculty members found themseves in different positions this year: Mr. Cone, former Assistant-Superintendent, became Superintendent upon the retirement of Mr. Herrschaft; Miss Eaton was assigned the English 411 class when Mr. Lopes enrolled at Harvard to learn more about the Boston accent and tennis coaching. We were soon introduced to Sheila Malone, our exchange student from Enniskillen, Northern Ireland. Sheila was fast to make friends and we will long remember her for her rosy cheeks and her "jolly good" British expressions. Senior Class representatives in Student Council for our most important year are: Allan Low, President, Carol Beaver, Paul Valliere, Phyllis Ciciarelli, and Shelia Malone, honorary member. Class officers were also elected with Brian Edgerly, our perennial favorite, coming out on top. Bill Sproul was named Vice-President, Joni Childs became Secretary, and John Sellers, Treasurer. The Senior Class inaugurated the season's whirl of social events with a dance on October 13 which was ingeniously named, "Don't Miss It". Evidently, not many people did miss it as the dance was our biggest financial success. We collected inheritance willed to us by the Class of 1960, when we defeated the Classical football team for the first time in the history of LHS. Senior stars John Sellers, Dale Richter, and Al Stewart led the Lancers through an undefeated season.

As the winter sports season, college boards, mid-years, and "Masackie" deadlines approach, we stand at a vantage point to review the past and express a concern for the future. At Longmeadow High School we have enjoyed our share of fun and work and we realize that our school career has provided us with important experiences to meet the future. However, we will use these last four years as a basis; not as an end, just as a means.

Juniors

1962

By class vote, Tim Paige was elected president; Bob Rossow, vice-president; Carolyn Young, secretary; and Carolyn Cummings, treasurer. As faculty advisors to the Junior Class, Mrs. Wanegar and Mr. Aldrich were of invaluable assistance in making this year outstanding. The class became active participants in an American Field Service plan to send one member abroad for the 1961 summer months. A committee consisting of school department, faculty, and adult members of the Longmeadow Chapter of the A. F. S., chose Jerianne Alberti, Pam Carson, Tom Clarke, Cynthia Moyer, Dede Wiley and Carolyn Young as the six candidates for this proposed summer abroad. A special highlight of the year was the spectacular Junior Prom, the *Mardi Gras Ball,* over which David Charlesworth and Patty Thomas reigned as king and queen.

Sophomores

1963

The first business of the year for the Class of 1963 was the election of officers. As a result of this election, Steve Parker became president; Charlie Carter, vice-president; Kathy Kelly, treasurer; and Meredith Mudgett, secretary.

The new officers immediately initiated plans for the approaching sophomore dance. Thanks to the combined efforts of the entire class, *Ice Palace,* held in the early part of December, was a great success.

Class advisors play an important part in the work of any class, and the sophomores consider themselves most fortunate to have Miss Baird and Mr. Joly assisting and directing them.

Freshmen 1964

As the newest additions to the student body, the bewildered freshmen finally realized their long awaited dream of being full-fledged Lancers. Their class advisors, Mrs. McTaggart and Mr. Drossel, immediately encouraged their proteges to participate in school activities. First on the year's agenda was the selection of officers. Jim Purdy proved the most powerful vote-getter for the presidency, and Jeff Lyman was chosen as his assistant. The class elected Pam Stone as secretary, while Laurie Ronaldson became official head of the treasury. With this important business conducted, class dues were collected, but main emphasis was placed on plans for the spring dance. Now in June the youngest class is ready to ascend the ladder, for in three years time it will become the Graduating Class of 1964.

The 1960-1961 Student Council enjoyed a prosperous season under the leadership of Allan Low, president; Tim Paige, vice-president; Carolyn Young, secretary; Tom Clarke, treasurer; and advisors, Mr. Shindler and Mr. Joly. In the fall, projects included the hiring of a caterer for football games, the sponsoring of a Halloween dance, the revising of the student handbook, and the selling of bookcovers and monogrammed sweatshirts and jackets. Student travel assemblies, Playday, and LHS news broadcasts on radio stations WTYM, WSPR, and WBZ constituted the program for the remainder of the year. In addition, the Council contributed to the extra-curricular finances of Sheila Malone, the foreign exchange student. Profits from the year's activities also enabled the Council to award one hundred dollar scholarships to two eligible seniors.

Each year students from the junior and senior classes are chosen by the faculty on the basis of scholastic achievement to become members of the National Honor Society. This year's officers elected by the membership are Paul Valliere, president; Bill Sproul, vice-president; Cynthia Moyer, recording secretary; Marcia Wessendorf, corresponding secretary; and Bob Atwood, treasurer. Under the supervision of Miss MacIntyre, the Honor Society has successfully sponsored several projects: the December reception for alumni and faculty, a coat checking service at school functions, and a tutoring system. Profits from the coat checking supplemented the Honor Society Scholarship Fund from which an award is given annually to a deserving senior member of the society.

In our own school Sharon Sachs and Myra Katten are executive vice-president and treasurer respectively. Mr. Drossel is the school advisor, and Mr. Cross and Mrs. Geary are advising representatives from S.I.S. Each Monday the Bank is open to students and faculty, and to stimulate increased use of the Bank's facilities, prizes are offered to regular depositors.

In 1960, under the direction of Mr. Ahern, the Chess Club made its debut. Under the leadership of Bill Sproul, president; Mary Krein, vice-president; Nancy Stokes, treasurer; Bob Taylor, member-at-large; and advisor, Mrs. Blakeborough, the Junior Red Cross Club has functioned smoothly this year. The Club sponsored a membership drive for the National Junior Red Cross which resulted in over eighty percent of the student body being enrolled. In March, members of the Longmeadow High School Chapter visited the base hospital at Westover to entertain the patients.

The energetic World Affairs Club, with the aid of Mr. Joly, conducted two school assemblies. The first of these dealt with the 1960 presidential election with emphasis on political platforms rather than on candidates. At this same time the Club held a mock election on issues, the results of which proved that over half the student body voted inconsistently for one candidate and for the opposite platform. At the second assembly, held later in the year, the Club presented Sinear Okoro from Nigeria who spoke on the politics and people of Africa.

In their regular meetings, the club members held lively discussions on current problems, election issues, the United Nations, and Great Decisions of 1961. They were led in these debates by Ed Epstein, president; Peter Cherbas, vice-president; Joan Marcuson, secretary; and Karen Stothert, recorder.

Creative Writing Club

The Creative Writing Club, under Miss Eaton's supervision, stimulates an interest in student literary accomplishments and provides a forum for discussion and criticism pertaining to the literary efforts of its members. Since an emphasis is placed on refinement of style rather than on a correction of fundamental faults, membership is selective.

Although a fairly new club, the Future Teachers of America have been very busy this year. Their officers, president, Cherry Neef; vice-president, Debbie Frisbie; secretary, Sharon Waiksnoris; treasurer, Karen Hardy; and librarian, Sandy Dyson planned an interesting assembly during Education Week. Mr. Knittle, a representative of the Clark School for the Deaf, discussed teaching methods used for educating deaf persons and presented a movie filmed at the school. Later as part of the Club's activities, its members visited the Clark School. In order to observe methods of teaching, the Club members also attended classes at the Blueberry Hill Elementary School.

The Cycloramists were orginally organized by the Art Department to design, paint, and arrange scenery for school plays. Their jobs now include arranging bulletin boards, making posters for the Guidance Department, and preparing art work requested by teachers. The members are chosen each year on a selective basis from those students who participate in art courses.

Music Department

Approximately one-third of the student body participates in musical activities in the several branches of this versatile department. The Glee Club, Freshman Girls' Chorus, and Lyrics compose the vocal groups, while the band and the orchestra make up the instrumental sections. In numerous rehearsals the department prepares for school concerts and participation in the Western Massachusetts Music Festival. The school band provides marching music for the Drill Team at football and basketball games, notably increasing school spirit. Christmas and spring concerts give the members of the orchestra, as well as the vocal groups, an opporunity to display their talents by entertaining their schoolmates. Motivated by popular interest in jazz, a new group known as "The Dixieland 5" was formed. The repertoire of these talented boys offers a delightful change of tempo. Another first at Longmeadow High School was attained by this capable department which produced the highly successful musical comedy, "Oklahoma", for public presentation.

Through the combined efforts of all members of the department and of their industrious director, Mr. Burkle, Longmeadow High School may again boast of its outstanding musical groups.

LONGMEADOW STUDENT EXCHANGE PROGRAM

The Sudent Exchange Association has become one of the most effective organizations in Longmeadow. A financial appeal made to the townspeople, through the efforts of Mr. Shindler, Debbie Poole, and student solicitors, enabled Sheila Malone of Enniskillen, Northern Ireland to spend a school year at Longmeadow High School and become directly acquainted with American youth.

The 1961-1962 student officers of our American Field Service Chapter are Betsy Russell and Jim Pool, who will be instrumental in sending a Longmeadow High School student abroad for the summer of 1961.

One of the largest school organizations is the Latin Club. Early in the year the Forum elected as its officers: Connie Frisbie, president; Cary Coen, vice-president; Pat Andrews, secretary; and Myron Kaplan, treasurer. Under the capable guidance of their student leaders and their advisors, Mrs. Leab, Mrs. Pelczarski, and Mrs. Wanegar, the group again sponsored a successful Latin Banquet. In this replica of a typical Roman feast the "Roman citizens," dressed in togas, reclined at tables in the manner of the ancients and were served by first year students garbed in slave tunics.

Science Fair

In March 1960, ninety-five students entered displays in the annual science fair. Their exhibits were so varied that Mr. Zapsalis, chairman of the fair, divided the projects into three main categories: physics, biology, and chemistry. Judged by science teachers of area high schools and professional researchers, Jay Wiley's "Thermoelectric Generator" was awarded first prize in the physics division. In biology, Bill Cox and Doug Ellis received first prize by transforming chickens into roosters through the effect of male hormones. Roger Simon's project, "Food for a Growing Population," won first prize in chemistry. All exhibits attracted a crowd of families and friends and gave participants an opportunity to utilize the creative knowledge gained through instruction here a L.H.S.

Funday

Undoubtably the most anticipated event of the school year is Funday. Under Mr. Suher's direction, last year's cast of "actors" presented an amusing interpretation of *Around the World in* 80 *Days.* As the house lights dimmed, the audience settled back to enjoy a hilarious display of "hidden talents" by student performers. Accompanied by the spectators, Master of Ceremonies Bob MacDonnell and side kicks, Chinaman Denni Robb; beatnik Bill Craft; and "versatile" Peter Strople visited the exotic acts of Reno torch singer, Raven Reed, Parisienne Patachou, Shirlee Bocchino, and the Kool Kitten of Kalamazoo, Sallie Baldwin. The Bolshoi "ballerinas" Al Stewart, Barbi Anas, and Glenn Snyder performed an impressive interpretative dance which was the rave of the attending critics. The students were further amused by the lovely Hawaiian beauties, Jim Walling, and Mike Cimini, who acted as usherettes. This sell out performance, a tradition established by the Student Council, awards all proceeds to the Council's Scholarship Fund.

Junior Prom

An innovation found the Junior Prom presented during the winter months rather than on the customary spring date. Amid Classical enchantment and captivating splendor, the members of the Junior Class greeted their guests. Immense ivy-covered pillars and billowing white canopies created the setting for the stately promenade of candidates for Prom king and queen and the crowning of the royal couple, Sallie Baldwin and Allan Low.

Baseball

Under the able coaching of Mr. D'Agostino, the 1960 Longmeadow High School Baseball team completed the season with a winning record of nine wins and four losses. Sparking the team to its victorious season was the pitching of Brian Edgerly. Brian, with six wins and no losses, achieved the best pitching record in Western Massachusetts. In addition, the steady hitting of Al Stewart, John Mayock and Jim Walling contributed a great deal to the offensive power of the team.

Hard-won victories over South Hadley, Classical and West Springfield, and double victories over Tech and Commerce highlighted the season.

Post-season selections placed Brian Edgerly and Al Stewart on the All-Independent Team.

Track

The 1960 Lancer track team, with the aid of Mr. Ursprung, finished the season with a record of four wins, two second places, and five losses. This record is a marked improvement over those of past years and indicates that with a little more depth and experience, Longmeadow's track team could loom as one of the finest in Western Massachusetts.

The season was highlighted by many outstanding performances on the part of the individual team members. Dale Richter was a consistent winner in the 220-yard dash and the low hurdles, and Bob Taylor excelled in the 100-yard dash. In the weight division, Charlie Hollister led the team with fine performances in the shot put and discus event. High point man on the team was Ken Clark who ranked as one of the best pole vaulters in Western Mass. and continually placed in the broad jump and 880-yard run as well. Other high point men on the team were Jim Thompson at the javelin, Bruce Aldrich, Longmeadow's miler, and Dave Charlesworth, a promising runner, in both the 880 and the mile. This spring the majority of last year's team will be returning wih much experience and hopes for a victorious season.

JUNIOR VARSITY FOOTBALL

Coached by Mr. Ryder and Mr. Burke, the Junior Varsity football team completed its season with a record of five wins, one loss, and one tie. Cal McIver, Joe Chiusano, Don Greenwell and Steve Baldwin were the key men who led the team to its winning record. The talent of the players and the impressive record of the team indicate next year's varsity football team should be outstanding.

Football

The Longmeadow High School Football team completed its season this year with the distinction of being the only undefeated, untied team in Western Massachusetts. The Lancer record of seven wins and no losses indicates the development of a well integrated and highly talented team through the coaching efforts of Mr. Ursprung and Mr. D'Agostino and through the hard work and sacrifice of the individual players. The fine exhibition of talent and sportsmanship on the field of play made all Lancer supporters proud of the victorious football team. In the first game of the season, Longmeadow came from behind to defeat Commerce 14 to 8. Halfbacks Bob Taylor and Al Stewart each scored T.D.'s and quarterback John Sellers' passing and running added considerably to the yards gained. In their second outing, the Lancers defeated Lee 16 to 6. Sellers smashd around end for one T.D. and Stewart bulled over for the final tally. The following Saturday, the hard-charging Lancers met Ludlow in a 36-8 victory. Al Stewart scored two T.D.'s, John Sellers added two more and Fred Hollister ran 47 yards with an intercepted pass for the final tally. In their next contest,

Longmeadow rolled to an easy 36-12 victory over an inexperienced Minnechaug team. Longmeadow's scoring was highlighted by Steve Goldberg who caught passes good for 14 points. Palmer, previously unbeaten, was the next victim of the black and white tide as they bowed to the Lancers, 20-0. The running of Al Stewart and John Sellers highlighted the game and accounted for Longmeadow's first 14 points. Tom Clarke scored the final on a pass from Jeff Hopkins. In their fifth game, the Lancer eleven smothered Enfield's hopes for an upset with a 54-12 victory. Al Stewart, Bob Taylor, John Sellers, and Steve Goldberg were the outstanding performers in this game. In the final game of the season, Longmeadow upended arch-rival Classical in a 6-0 thriller. Lancer seniors Al Stewart, Bob Taylor, John Sellers, Dale Richter, and Tim Purdy starred in this hard won victory. The big play of the game was a roll out by John Sellers that went 60 yards for a touchdown. Two key blocks thrown by Al Stewart and Dale Richter, each taking out two Classical players, enabled John to go all the way for the winning tally.

Dale Richter and Al Stewart led the post-season football selections for 1960. Each of the boys was cited by both All-Western Massachusetts and All-Independent honors. Dale was also selected by Scholastic Magazine as one of the All-star football players from the nation's high schools. In addition, John Sellers, Dick Moran, and Tom Clarke were listed for All-Independent honors.

The many returning varsity players under the leadership of Tom Clarke and Jeff Hopkins, co-captains, promise to produce another successful season for the Longmeadow Lancers.

During the season, Longmeadow outscored its opponents 49 to 14. Leading the team to its enviable record was the excellent play of the co-captains Brian Edgerly, Phil Collins, and John Mayock. Phil was the team's leading scorer with 13 goals and Brian was close behind with 12. Strong performances by Jim Walling, Jack Keiser, Tim Paige, Jay Deely, Dave Streeter, and Rick Cowles added to the effectiveness of the team. The Lancers, coached by Mr. Suher, highlighted their season with several outstanding victories. Among them was a 4-0 verdict over Monson and another was a 2-0 victory over Springfield City Champion, Classical High School. In the post-season selections for the Pioneer Valley League All-Star team, John Mayock, Phil Collins, Jim Walling, and Brian Edgerly were given first team positions.

Basketball

The 1960-1961 Lancer cage team, aided by Mr. Haskell, finished its season with an exceptional 13-1 record. Using speed and shooting accuracy, Longmeadow outscored its opponents 1033 to 767, an average of 74 to 55 points a game. The Lancers were led by Jim Walling who finished the regular season with 318 points and an impressive average of 22.7 points per game. Dale Richter, one of the team's top rebounders, was the second highest scorer with 225 points, an average of 16 per game. The team's most versatile player was Ned Cummings who set up his teammates with countless assists and averaged 10 points a game. Rounding out the starting five, Gary Gibson a senior, and Tom Clarke, a junior, both averaged nine points a game and contributed greatly to the team's rebounding strength. No good team is without a strong bench and Dick Matulewicz, Mike Porterfield, Jeff Hopkins, and Bill Matulewicz assisted ably. In reviewing the season's games, one stands out as the most exciting. Longmeadow defeated Commerce, a top city team which played in the Western Massachusetts Tourney, 64-59. The Lancers used Jim Walling's eleven-point fourth period and the steady rebounding of Gary Gibson, Dale Richter, and Tom Clarke, to provide the margin of victory. Walling with 20 and Cummings with 11 hit the double figures for the Lancers. Another highlight of the season was a 102-60 victory over Minnechaug in which Jim Walling scored 48 points, a new school record. In addition to earning an invitation to the Small Schools Tournament, the Lancer quintet's excellent record proved that Longmeadow was one of the best basketball squads in the state.

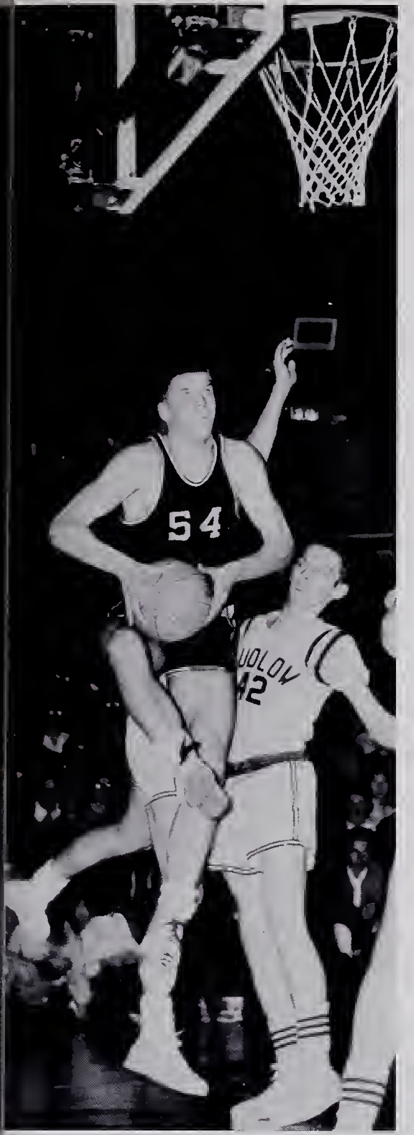
Small Schools Tournament



For the fourth consecutive year, Longmeadow has been honored by being invited to the Western Massachusetts Small Schools Tournament; and for the third year the Lancers were defeated in a low scoring finale. This year Longmeadow's first victim was Turners Falls who bowed out to the Lancer's steady pressure 65-45. On the second night, South Hadley, after leading most of the game, succumbed to Longmeadow's fourth quarter onslaught to go down to a 61-52 defeat. This victory earned the pre-Tournament favorite Lancers the right to oppose Ludlow in the finale. The Lions pulled one of the year's biggest upsets as they edged disappointed Longmeadow 41-39. Although the Lancers lost in the final round, they deserve much credit for the fine basketball skill and sportsmanship which they displayed during the tournament.

Hockey Team

The Lancer Puckmen, coached by Mr. Ness and Mr. Ryder, finished the 1960-1961 hockey season in fine style as they captured first place in the Western Massachusetts Suburban League. Leading the Lancers to their excellent record of 10 wins, 2 losses and 3 ties were senior co-captains, Phil Collins and Brian Edgerly. Outstanding defenseman Dave Purrington, forwards John Mayock, Pete Clarke and Don Temple, and goalie Bill Sproul aided Longmeadow's Hockey squad in compiling its impressive record. The Lancers held the opposition to thirty-one goals in fifteen games; the Lancers however penetrated their rivals' defenses for fifty goals. The highlight of the season was a hard won 7-6 victory over Chicopee. This victory made possible the Suburban League Title and a berth in the Massachusetts State Hockey Tournament. With the return of several of this year's starters and a strong bench for support, Longmeadow looks forward to another successful season next year.

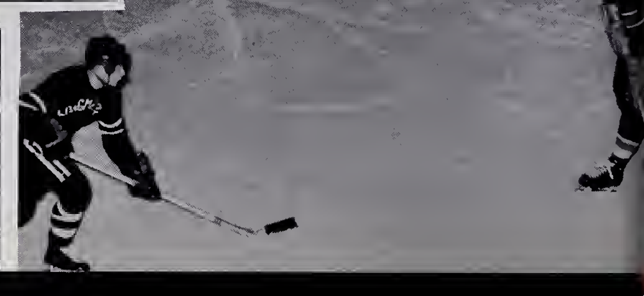
Hockey Tournament

The Longmeadow High Hockey team, as Suburban League leader, was selected to play in the Massachusetts State Hockey Tournament as a representative of Western Massachusetts. Although losing to Woburn 7-2, in the first round, the team gave a fine account of itself. The Lancers put everything they had into a rousing first period when they grabbed a 2-0 lead. Brian Edgerly and John Mayock fired in the two goals as they made the most of the team's few scoring opportunities. However, it was strictly Woburn in the final two periods as the North Shore team, led by Ed Callahan's hat trick, scored three goals in the middle session and four more in the finale. Despite the game's result, a great deal of credit goes to goalie Bill Sproul who turned back 27 shots in the face of Woburn's tremendous pressure.



Golf

The 1960 Lancer Golf team, coached by Mr. Haskell, ended the season with a winning eight and four record. Smooth-stroking Phil Collins was high man on the team. He was followed by Zane Mirkin, Skip Baird, Neil Day, Jim Gould, and Dave Streeter. Highlighting the season was an upset victory over Tech, one of the best golf teams in Western Massachusetts. Phil climaxed the successful season when he placed seventh in the Massachusetts State Schoolboy Golf Tournament.

Tennis

The Longmeadow net men finished their season with a four-win, two-loss record. Barry Kittredge, who was seeded as first man, led the team to its successful season. Jay Wiley, Ed Zinn, and Steve Parker also gave impressive performances. Highlights of the season for the team, and their coach Mr. Lopes, were two victories over Technical High of Springfield.

Drill Team

The 1960-1961 Drill Team, under the leadership of co-captains Sally Wagner and Cynthia Moyer, has thrilled many Lancer fans with its spirited precision marching. In addition to performing at home football and basketball games, this year's Drill Team has participated in pep rallies and drill team competition. The girls were again asked to perform on television in a preview of their Small Schools Tournament halftime show. Due to the many hours of practice under the supervision of Mrs. Wells, the Longmeadow High Drill Team executed its performances with both spirit and skill.

Cheerleaders

Much credit is due to Phyllis Ciciarelli and her hard working cheerleading squad for their peppy performances at Longmeadow High athletic events. This group of talented girls sparked both the football and the basketball teams to victorious seasons. With the Pep Squad they co-sponsored many unusual student rallies which were a factor in increasing spectator enthusiasm and sportsmanship.

Not only must the members be competent athletes, but they must also maintain a satisfactory academic average. The Leaders' Club sponsored the third annual Sock Hop in November at which guests enjoyed volleyball, ping pong, and badminton as well as dancing. The proceeds from the Sock Hop provide additional funds to purchase new gymnastic equipment for the department. The 1961 Leaders' Club appreciates the assistance of their advisors Mrs. Wells and Mr. D'Agostino for the members realize the value of their leadership training.

When you graduate it's wonderful to have a telephone job waiting for you. You'll love the friendly new people you meet. And you'll like the excellent salary, the regular increases, the opportunities for advancement and the many additional benefits that make working for the Telephone Company so attractive to so many young people.

Telephone jobs are important ones. We have our own training program which you can enter without any previous job experience.

Why not come and see our employment interviewer soon . . . before you graduate. Ask the Guidance Counselor at your school to tell you when and where to apply.

"Bank Day" at the Lancer Savings Bank, a Junior Achievement Company, provides the opportunity for Longmeadow High School students to save ahead for the things they need and want.

But the need for saving does not end with graduation. How you handle your money will play an important part in your happiness, for if you spend unwisely, you will find your money gone and your real goals still unattained.

Make this important decision now — that you will save regularly. Lancer bank books may always be used at any S.I.S. office, or we will be glad to open a new book if you have none.
